Wisdom
for the Future

Wisdom for the Future

This brochure is intended to help prospective students and visitors get acquainted with SIAM by presenting essential information about the institution, its faculties and facilities.

SIAM was founded on the core belief that liberal education is key to the progress of society and civilization. For centuries, higher education institutions have played a fundamental role in initiating new thoughts and causing fascinating discoveries.

We strive to provide forward-thinking and outward-thinking students with the means to build a solid foundation for their future while enjoying a complete learning and social experience.

Teaching methods, such as problem-based, learning, case studies and cooperative education, are designed to encourage students to express their creativity and develop their intellectual potential as well as better prepare for the future career.

In 1995 the International College was established with the objective to give both Thai and international students the means to prepare themselves for a career in an increasingly multi-cultural society. It provides a truly international learning environment and activities in the setting of new and dynamic ASEAN Economic Community.

Find out through these pages which program may fit for your plans and requirements.

We hope that the information here presented will be beneficial to prospect students, visitors and anyone who wish to know more about SIAM.

Pornchai Mongkhonvanit
President

SiamU Commencement Ceremony

Brief Information

Siam University is one of Thailand's leading comprehensive private universities focusing on Employability, diversity and sustainability as the three main pillars.

Located in South-West Bangkok, the 21-building campus features first-class academic and social facilities designed to cater for the specific needs of student life.

The university comprises of 13 schools and colleges which offer a broad variety of undergraduate, graduate and lifelong education programs.

Since the inception, Siam University has produced over 80,000 graduates with truly, diversified student body internationalized and fully accredited institution of higher education, its graduates enjoy the same privileges accorded to state university graduates.

Its academic collaboration over 100 leading universities and institutions worldwide creates unique possibilities for students who wish to transfer from or to Siam University, or who wish to undertake research projects and graduate studies abroad.

Make a

Strategic Choice

1 Unique Destination

Spice up your student life by studying in the Land of Smile and AEC Gateway for a semester or for an entire degree! Develop borderless networks of friends and collect unforgettable memories from an exotic place! International students at SiamUniversity have plenty of opportunities to experience the unique culture of Thailand and its Southeast-Asian neighboring countries, which is reflected in every aspects of life including education and business. Many business administration students have chosen to come to Thailand to take advantage of the unique internship opportunities available in some of the finest hotels and airlines of the world.

2 Up-to-date Curricula

SIAM offers international students with a complete cycle of studies in business administration management, information Technology and related fields from undergraduate to postgraduate levels, thus answering the ever-increasing needs for competent human resources and leaders in today's global market.

Our faculty includes a number of business gurus, practitioners and scholars. Based on American model of business education, our curriculum has been designed to reflect the dynamism of today's business world. In addition case studies, areas and cultural studies and activities are offered to perfect your learning experience.

3 High Expectations!

Undertaking university studies means that you have high expectation for your future. SIAM is here to help you in laying solid foundation for your future and help you make the transition to your career life. It has a track record of award-winning students and successful alumni. For many students, studying at SIAM has proved to be a truly rewarding experience.

Some students land the job they always dreamed about, others are

Nine reasons: why students have chosen to study at SIAM ?

accepted in world-class universities to further their studies. They leave SU with a lifelong network of international friends. Read about their experience in the SU Ambassadors section (p. 12).

4 Research & Innovation

SIAM believes that creativity and free expression of one's talents are key to achieving excellence. Our faculty members provide tools and resources to assist students in making broad use of their inquisitive potential. Instructors make use of term projects, such as the creation of business plan, analyzing case studies and other problem-based learning methods.

These efforts are regularly rewarded with concrete achievements: a number of research articles are published in international refereed journals; some students win awards and even get their inventions patented; and some are awarded scholarship and grants.

5 Dynamic Life-Style

Various activities are organized throughout the year such as cheer leader and sport contests, an inter-cultural day, Chinese Spring Festival,

Songkran-water Festival, Loy Krathomg, Christmas and New Year.

6 Affordable

Studying at SIAM is financially attractive as tuition fees are very competitive and the cost of living in Thailand is more affordable than most other destinations of comparable living standards. That is good value for money, which makes this a worthwhile learning experience. Many students choose to do part of their studies here before moving on to continue their graduate studies in leading institutions of the U.S. and Europe.

7 International Exposure

Study at SIAM if you are looking for a truly international experience. Located at the cross-road of Asia, Bangkok is a truly cosmopolitan city where cultures mingle in a colorful global community. Numerous international organizations such as the United Nations and UNESCO have their offices in the city.

The university enjoys one of the largest international campus communities in Thailand. Over 1,000 students from more than 40 countries are

currently enrolled in classes taught by instructors from Europe, the US and Asia Pacific. Also SIAM graduates have the advantage to join a global network of alumni upon graduation.

8 First-Class Facilities

Apart from learning from qualified professors, students thrive in their studies when they have access to an exhaustive library; fully-functional classrooms; up-to-date equipment and a friendly campus. Students at SIAM enjoy 5-star classrooms and auditoriums. They have access to hundreds of thousands of printed and electronic publications at the central library, Maruey Business Library, digital media; broadband internet.

The campus features cozy study corners; rest areas; gardens; convenience stores; a bank; a post office and many cafeterias, cafés and food outlets.

9 Unique Encounters

Each year, SIAM invites world leading experts, Ambassadors and scholars to address the student community on current topics and world issues. These seminars brings added value to students' academic life.

Notable Guest Speakers includes Nobel Prize laureate Prof. R. Mundell delivered a speech on the timely topic: "Fitting Globalization into the National Economic Development strategy", Professor Dr. James Honan, Chair of Institute of Educational Management at Harvard University addressed our students about "Inquiry Schooling and Problem-Based Learning" and Dr. Fidel V. Ramos, former President of the Republic of the Philippines, gave a speech on the subject, "Education, Education, and Education for a Better Future".

Siam University Ambassadors

Hu Jing (China P.R.)

BBA. Hotel & Tourism, Service Industry Management

“Siam University is like a warm family, there are a lot of students from different countries, and there is a lot of support from our teachers. I can get a lot of knowledge here, with the international professors. I have many choices of language courses, and it’s also affordable. Everybody takes care of us a lot. I feel that we are a big international family.”

Viivi Salonen (Finland)

BBA. International Business

“Siam University is a good place to study. The teachers are professional and school facilities are modern. The teachers are very friendly and helpful. There are nice people in the international office. Studying at SIAM is a good way to get to know the Thai culture.”

Mr. Ashutosh Mishra (India)

International MBA (IMBA)

“Siam University is a good place to study at abroad. Teachers are very motivated and supporting nature. Siam University is given to me opportunity for volunteer work and internship. I feel lucky to be a part of Siam.”

Ms. Kirana boo (Indonesia)

BBA. Hotel & Tourism, Service Industry management

“I’m a student from Indonesia, I’m proud to have the choice of Siam University as my new campus, good facilities and a nice atmosphere makes me comfortable here on this campus. Teachers who teach have a good quality too. It’s not easy for foreign students to be in a new environment, but Siam University has a solution by way all of student exchange from various countries, so that students are able to share and collaborate despite coming from different countries.”

Momo Kashima (Japan)

BBA. Hotel & Tourism, Service Industry Management

“My life at Siam University has been really enjoyable and my learning here helps me to broaden my perspectives about tourism industry. Not only about the course itself but also studying environment is really good. Convenient facilities, friendly teachers, and cheerful students from all over the world. I’m sure my study abroad here in Thailand would be truly memorable and fruitful thanks to Siam University.”

Emeziteoha Precious Chinenye (South Africa)

International MBA (IMBA)

“Siam University is a peculiar international University, offering its students high quality education with top-notch facilities using the best of instructors highly qualified and well versed in their respective disciplines. I simply love Siam University; it has given me the best and quality education I dreamed of.”

Mark Abbott (UK)

BBA. International Business

“Siam University provides its students with the ability to compete internationally which is essential in this age of globalization we are experiencing in today’s business world.”

Ryan Hanson (USA)

BBA. Hotel & Tourism, Service Industry Management

“The Hotel & Tourism, Service Industry Management Program in the International Department is a good start to a successful career in the hospitality field. Through informative lectures and hands-on experience in the on-campus restaurant, students can obtain everything they need to break into the exciting opportunities available to them. The education provided allows students to be prepared for future management positions, which gives them a step ahead of the competition. The well-informed faculty provides great insight into this fast paced and exciting field.”

International Undergraduate Programs

Siam BBA:

Two choices

Students interested in acquiring business management skills can choose from two major field of study:

1. International Business for those who wish to build a career in international trade and management
2. Hotel & Tourism, Service Industry Management for those who wish to enter the exciting Hotel, Tourism and Hospitality Industry. Siam has welcomed international students for over 20 years in its two undergraduate programs which use English as medium of instruction.

Considering that Chinese language is more important as an International Language. SIAM also offers some sections of International programs in Chinese as well. In addition to medium of instruction SIAM provides language courses in Thai, Chinese and Japanese, etc.

The undergraduate Hotel & Tourism, Service Industry Management program is ranked among the top in Thailand for its faculty research articles regularly publishes in international referee journals.

BBA: International Business

International trade keeps evolving under the dynamics of technology and globalization pressing business professionals to do things in new ways.

This program provides students with the required skills and knowledge to undertake a career in small-to-medium enterprises (SME), large corporations and multi-national corporations (MNC).

Employment opportunities include positions in sales and marketing, advertising; finance; operations and logistics; and international trade.

International Business

Curriculum

• General Education	33 credits
• Core Business Administration ..	42 credits

International Postgraduate Programs

IMBA & Ph.D. IT

<http://grad.siam.edu>

The main objective of SIAM Graduate School is to provide individuals with the means to expand their knowledge and develop their intellectual potential in order to widen their career horizons or build a social foundation for a research programme.

An essential requirement for admission in a graduate course of SIAM is the completion of a first or bachelor's degree from an accredited institution.

Highly motivated candidates with a track record of academic excellence are given particular consideration. Currently SIAM offers 12 postgraduate programs. The International MBA and Ph.D. in Information Technology programs are popular among many students due to the use of English as medium of instruction and courses taught by the international faculty. In response to the increasing importance of Chinese as International language, SIAM also offers courses in some program in Chinese. [Table listing graduate programs]

- Master of Business Administration (M.B.A.)
- International Master of Business Administration (I.M.B.A.)
- Master of Arts in Communication Arts (M.A.C.A.)
- International Masters of Arts in Peace Studies and Diplomacy (MAPD)
- Master of Education in Educational Administration and Leadership (M.Ed.)
- Master of Engineering (M.Eng.) in Engineering Management
- Master of Public Administration (M.P.A.)
- Master of Science in Information Technology (MS.IT.)
- Doctor of Business Administration in Marketing (D.B.A.)
- Doctor of Philosophy in Information Technology (Ph.D.IT.)
- Doctor of Philosophy in Management
- Doctor of Philosophy in Leadership and Innovation in Educational Administration (Ph.D.)

Siam International MBA

Performance based Learning

Siam International MBA program distinguishes itself from other graduate business program. The individual student's performance is used as the measure of achievement in every course. Our program guarantees students' abilities in these skills and business practices. The teaching methods we employ develop and stress independent thinking. As a member of AACSB students are expected to meet practical and verifiable achievement levels and to be able to immediately add value to their respective businesses.

The curriculum is performance based with mastery standards to certify learning both inside and outside our campus. Our flexible schedule allows valuable professionals to keep their full-time jobs while earning an MBA. We expect working people to add more values to their companies within a short period of time. The outcome of this program is also to assist job placement for IMBA Graduates within the region and internationally.

Moreover, SIAM has affiliated with institutions for strategy and competitiveness of Harvard Business School as a member of Macroeconomics of Competitiveness network (MOC) under the support of Prof. Michael E. Porter.

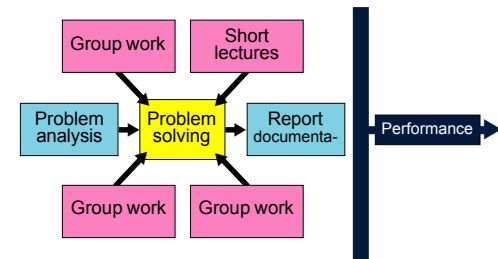

International MBA

Unique Curriculum

Our courses are designed with the help of the practitioners in major companies. Such university-Industry cooperation ensures an up-to-date curriculum which fosters the acquisition of skills required of today's managers.

Our international faculty offers a general IMBA degree which covers subjects such as:

- Marketing
- Finance & Banking
- International Business
- Managing Innovation & Change
- Managing Information Technology
- Human resources
- Asian and integration
- Hotel and service industry

Siam Ph.D. Information Technology

As this curriculum is designed in collaboration with the School of information Sciences, university of Pittsburgh-of the Commonwealth System of higher education, students are assured to receive world class education. The Ph.D. program in information technology offers a curriculum with multidisciplinary emphases in information technology in business. The program integrates the theory and practice of applied computing, information systems, Internet technologies, and the advances in telecommunications and management of information technology. This is a research based degree with a strong emphasis on the production of a dissertation leading to the publication of a paper in a research paper. The coursework component is designed to ensure that the candidate has attained the required level of comprehensive knowledge and understanding of the relevant key issues in information technology.

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE UNIVERSITY OF PITTSBURGH
AND
SIAM UNIVERSITY**

This Agreement is made and entered into by and between the University of Pittsburgh - Of the Commonwealth System of Higher Education, through its School of Information Sciences, Pittsburgh, Pennsylvania, USA, and Siam University, Bangkok, Thailand establishing a basis for their further cooperation in accordance with the following:

WHEREAS, the University of Pittsburgh and Siam University have explored areas of mutual academic interest and wish to further their common objectives in research and education in the fields of information science, telecommunications, and related fields;

1. Exchange of Students
2. Exchange of Scientific, Educational and Scholarly Materials
3. Exchange of Academic Personnel
4. Special Projects

In witness of the terms of this Agreement, and intending to be legally bound, signatures of the following authorized representatives of the parties are affixed:

<small>UNIVERSITY OF PITTSBURGH - OF THE COMMONWEALTH SYSTEM OF HIGHER EDUCATION</small>	<small>SIAM UNIVERSITY</small>
 <small>Mark A. Nordenberg Chancellor</small>	 <small>Pornchai Mongkhorwinit President</small>
 <small>Jankaj V. Mahir Provost</small>	 <small>Nipone Sookproedde Vice President</small>
 <small>Ronald L. Larson, Dean and Professor School of Information Sciences</small>	 <small>Wichian Premchatsawadi Assistant, President for IT</small>
 <small>Wolfgang F. Schür Interim Director University Center for International Studies</small>	
<small>Date: 4/4/2007</small>	<small>Date: 5/17/2007</small>

A research program in collaboration with
the **University of Pittsburgh, USA.**

Center for Executive & Lifelong Education (CELED)

“Intellectual growth should commence at birth and cease only at death”
- **Albert Einstein.**

The Center for Executive and Lifelong Education caters especially for the needs of individuals who wish to upgrade their careers, expand their skills and stay abreast of the latest developments in their area of expertise.

The center offers a wide range of scheduled courses, seminars, workshops as well as customized programs for academic and industry groups.

Foundation and remedial courses are also provided by the center for students who wish to become more confident in their university studies.

The center also provides on demand preparation courses for specific certificates as well as some signature courses are offered in affiliation with Institute for Strategy and Competitiveness, Harvard Business School.

Student Life Unique • Cheerful • Friendly

SIAM provides a full academic, social, multi-cultural experience. Embrace university life and embark on one of the most exciting chapters of your life!

A New Home

SIAM wants your new home to be as comfortable as possible. For this reason the university provides on-campus services and facilities that help make students feel at home: canteens and restaurants, cafés, convenient stores, a bookstore, a commercial bank, several ATMs, copy centers are available for students.

Course Registration

Undergraduate students enroll in at least 15 credits and no more than 21 credits per semester while graduate students enroll 12 credits per semester. The course registration period is published on the academic calendar and is usually scheduled 1 month prior to the beginning of the next semester. Students must meet with their advisor to receive suggestions about the selection and sequence in which to register courses and complete their studies.

Advising & Counseling

A full-time faculty is assigned to every student for support and

counseling to help students make the best of their academic experience. The advisor may suggest a customized plan of study or participation in certain activities to fit the specific needs of each individual.

Grading & Examination

SIAM uses a letter grading system similar to the one in the US. Two or more tests including mid-term and final examinations are scheduled each semester. Students must maintain a cumulative grade point average of not less than 2.00 for a bachelor's degree completion and 3.00 for a master's and doctoral degree.

I.T. Learning Tools

Internet and Internet services have always been important tools in students' academic lives. Students receive an internet and e-mail account at the time of admission.

Central Library & Academic Resources

The central library is located in building 12. It contains hundreds of thousands of printed and electronic publications in Thai and English languages. Some publications are also available in other languages such as French, Chinese and Japanese. Students can borrow publications on presentation of their matriculation card. With the support of Stock Exchange of Thailand, Maruey Business Library and Financial Laboratory located on the 6th floor at the 19th Building. A modern style upscale resource center for the Business related area.

Extra-curricular activities

Numerous curricular and extra-curricular activities are organized every semester providing plenty of opportunity to make new friends and discover the local culture. Why Thai Boxing class, not take part in a sport tournament or join a club or take a few Thai classical dance classes?

Career Center

International students can obtain useful information and advice concerning job and internship placement at the International Student Center (ISC).

VIP Guest Speakers

Seminars by VIP guest speakers from all around the globe are scheduled every year. Check the announcements section on SIAM website for details about upcoming events.

Student Volunteering

SIAM provides ample opportunity to make a difference: managing clubs; editing newsletters; tutoring other students and various social and community engagement projects; etc.

The International Student Mentor & Ambassador Program (ISMAM)

ISMAM is designed to provide students with a variety of scenarios that help promote growth, expand knowledge and explore leadership characteristics through numerous education experiences, self-learning exercises, workshops, volunteer student placement, university events, guest lecturers, and off campus functions.

Your Support System

International Student Center (ISC)

The International Student Center (ISC) provides assistance and support in areas such as lodging; airport transfer on arrival; orientation of newly arrived students; advising and counseling; extra-curricular activities; internship and job placements; and more. The staff speaks English, Chinese, Thai and French.

The center is located in building 19 on the 9th floor.

English Language Courses

Remedial courses in English and English test preparation courses (TOEIC; TOEFL; IELTS) Are available throughout the year at the international Student Center (ISC).

Internship & Career Placement Center

SIAM helps student to plan their careers. It starts with the assessment of a student's personality, needs and aspiration for the future. An advisor then makes suggestions about various career path option.

The advisor also assists students in finding an internship position either in Thailand or abroad.

This is an excellent opportunity for students to travel and get acquainted with their future career!

Student accommodation is readily available in the campus vicinity at very affordable prices. Rooms are usually furnished. Monthly rent ranges from 3500 B to 9500 B.

Accommodation

SIAM Residence Hall I & II

Located in walking distance from the campus, it features studios and 2-bedroom apartments

Rooms: studio and 2-bedroom apartment

Facilities & Services: 24-hour security guards; swimming pool; fitness center; parking; fully-furnished; air-conditioned

Price: 6500 B-9500 B

Booking: Ms. Zhu Yingli ; +66(0) 2867-8088,
siamcn@siam.edu

Faculty Friendly • Accessible • Caring

SIAM faculty members are more than scholars and practitioners: they are also mentors and facilitators who constitute an invaluable link to knowledge and professional expertise.

SIAM faculty members come from various countries and cultures. Together they represent a wide array of academic disciplines and work practices.

Through case studies and term projects students have the possibility to benefit from faculty's unique insight and experience. Students may seize the opportunity to participate in a research project or write an article with their professor to further immerse themselves in cutting-edge ideas, and in gaining additional competencies for their future career.

Vijit Supinit

The dean of MBA Graduate School brings in diverse experience of over 40 years of distinguished services in business and public service. Educated at the University of Manchester, England, and Yale University, USA. Dr. Vijit is at present also the chairman of the Securities and Exchange Commission of Thailand, Chairman of G-steel, as well as a director of the Board of Thai Military Bank PCL. Previously, Dr. Vijit spent 30 years in the bank of Thailand, the last 6 years of which as Governor and Chairman of Board. In addition, he has also served as Chairman of the Stock Exchange of Thailand (SET), Chairman of the EXIM Bank, as well as 2 terms (8 years) as a senator in the Parliament of Thailand.

Kanjana Mahattanatawee

The Dean of the Faculty of Science and a Lecturer in the subject of Flavor Chemistry within the Food Technology Department. She had 2 years experience as a Postdoctoral Research Associate at USDA, Citrus and Subtropical Product Laboratory, USA. She has even published scientific papers. She also server as the chair of Flavor Subdivision of the prestigious American Chemical Society for 2009-2010. She has a personal passion for highly complex flavor of coffee.

Bongkosh Ngamsom

The Director of the Hotel & Tourism, Service Industry Management International program is well-known for her many academic research contributions in the region. She has received several academic awards from renowned international tourism related organizations and institutions.

Kris Mouton

Lecturer at the International Program for Hotel & Tourism, Service Industry Management program

Kris Mouton is a Belgian national who has been a lecturer at the International Program for Hotel & Tourism, Service Industry Management program at Siam University, Bangkok, Thailand since 2004. Kris Mouton is a qualified lecturer specialized in hospitality and marketing. He has numerous years of experience in the hospitality industry in Belgium.

Jomphonng Mongkhonvanit

Chairman of Federation of Private Colleges of Technology of Thailand Under the Patronage of H.R.H. Princess Maha Chakri Sirindhorn, President of Siam Institute of Technology, Trustee and Associate Professor at Siam University, and Board Director at Thailand's National Institute of Educational Testing Service. Dr. Mongkhonvanit was Advisor to Thailand's Deputy Prime Minister in Economic Affairs (2008-2010) and has served as a head consultant for international and national development projects. Dr. Mongkhonvanit holds Doctor of Business Administration from University of Bath, Ed.M. (International Education Policy) from Harvard University, M.P.A. (Political and Economic Development) from Columbia University, and B.A. (Honor) in Economics and Political Science from University of Wisconsin-Madison.

Pacapol Anu-rit

Dean of International College and Director of Siam University Bachelor of Business Administration (BBA) program

An innovative, dynamic and highly energetic business consultant with a proven ability to identify and capitalize on business opportunities for many blue chip companies. Being an Associate Professor with most academic publications in the country as well as years of international experiences in consulting, he has developed himself as a sustainable business developer.

Emmanuel Nweke Okafor

Siam University Language Lab Supervisor

A Nigerian national, Mr. Okafor is the Language Lab Supervisor who had studied Political Science, Teaching Professional courses, Educational Administration, Peace Studies and Diplomacy, Philosophy, and Religious Studies in his 12 years in Thailand. He takes an active involvement in the African Community in Thailand, and at Siam University.

Martin Anthony Grime

English Language Lecturer

Martin has been an English Language Lecturer in the English Language Center at Siam University for the past three and a half years, and is the Center's longest serving member of staff. Besides his teaching experience Martin has brought along to the University his extensive management and administrative skills from his 35 year career in local government in the United Kingdom, arising from his work in electoral administration, electoral registration, committee administration and emergency planning. His versatility has been demonstrated by being the Deputy Acting Returning Officer for two UK Parliamentary Constituencies, advising the Mayor and the Council at Council meetings on administrative law and the procedure of meetings, and also co-ordinating the Council's response in association with the emergency services in relation to major or serious incidents affecting the local population.

Campus Facilities

Siam University Buildings

The university campus is comprised of 21 buildings and the following are some details of each:

1. Administration Building

house of the radio broadcasting studio, the Public Relations Department, the Office of Finance and the Accounting Department.

2. The Old Main Building

is a reinforced concrete building, containing: classrooms, language laboratories, teachers' offices, a SE-ED Siam University Bookstore, the Siam University Post Office, a health center and clinic, Bangkok Bank Ltd. (Siam University Branch), the International Office and a Muay Thai Boxing and Judo Gym on the top floor.

3. The Dr. Narong Mongkhonvanit Memorial Building

housing the Faculty of Information Technology, containing seven computer laboratories, a Hotel and Tourism operating room, the Graduate School Library, a teaching and learning-facilities center, teachers offices, classrooms and the Purchasing Department.

4. The Siam Cultural Center

a three-story building, housing the Cultural Center, a Hotel and Tourism operating room, Siam University Theatre, a television operating room, physics laboratories, a demonstration court for legal practice, photography and movie production house, teachers offices and classrooms. On the ground floor is a canteen.

5-7. The School of Engineering Operation Buildings 1-3

used for engineering course instruction and experiments.

8. The School of Engineering Main Building

contains a mechanical-engineering laboratory, a computer mechanical-analysis laboratory, a liquid-mechanics laboratory, a design and CAD-CAM laboratory, a power-electricity laboratory, an electronic laboratory, the office of academic training and services, teachers' rooms and classrooms. Used for engineering course instruction and experiments.

10. The Sportmen's Room Building

11. The Science and Technology Innovation Center

contains offices, classrooms and labs and is a central location for the development and display on innovative inventions and technological creations from the Engineering and Science Departments.

12. The Royal Majesty Jubilee Building

the name is in commemoration of the 60th birthday of King Bhumibol Adulyadej. This ten-story building houses an auxiliary Office of the President, the Office of Academic Affairs, the Office of Educational Services, the Central Library, a 1200 seat auditorium, a seminar room, a demonstration room for banking practice, a cafeteria, lecture rooms, a small meeting room and teachers offices.

13. The ATM Kiosk

14. The Science Complex Building

housing the Faculty of Science, the Faculty of Nursing, teachers' offices, seminar rooms, food-science laboratories, chemical laboratories, Pharmacy laboratories and the computer center for engineering and sciences.

15. The 30th Anniversary Building

a five-story building with 3,500 square meters of space containing lecture rooms, an Internet center with more than 300 personal computers, classrooms and teachers' offices.

16. Main Canteen

a full service food court.

17. The Students' Clubs Building

houses the Guidance and Placement Division, the Office of the Student Affairs, a 7-Eleven convenience store, offices of student clubs and the University Guest House.

18. The Electrical Engineering Operations Building

contains a power/electricity experiment and analysis laboratory, a fiber-optic cable communications system, a computer hardware operating room and an electronic laboratory.

19. The Golden Jubilee Building

the tallest building on campus, constructed in 1999 commemorating King Bhumibol Adulyadej's 50th accession on the throne. This building contains the admissions office, the University Council Conference Room, the Office of the President, the Office of Graduate Schools, the University Theater, the Siam Heritage Lounge, a small demonstration hotel, a 700 car parking garage, a research room, lecture rooms and additional Placement Division services, as well as houses the Southeast Asia office of the International Association of University Presidents (IAUP).

20. Siam University Sports Complex and Auditorium

the newest building on the Siam University Campus with an area of 2,400 square meters and a seating capacity of over 1,000. It features an air-conditioned fitness center with the latest equipment, full-sized basketball, volleyball and badminton courts and table tennis facilities. The complex is also used as an auditorium for on-campus conventions and special functions.

21. Elephant Gate

the Elephant Gate Plaza is the newly built sculpture of the elephants that image the culture and tradition of the Thai costume. This plaza is utilized as a place for various outdoor activities of the students.

The Institution

Liberal • Vibrant • Diverse

Mission & Vision

SIAM University's mission is to produce graduates who are highly skilled, efficient and confident in their fields of study and ultimately in their chosen careers with three main pillars, Employability, Diversity and Sustainability. SIAM recognizes that values such as ethics, corporate good governance, and broad-mindedness are essential to the sustainable development of its graduates and intends to instill these to its students.

SIAM continuously aims for excellence in order to provide society locally and internationally with the tools needed to secure a flourishing future. It promotes research, extended educational services, networking and cooperation with business and community, locally and globally.

History

Siam University was founded in 1965 by Dr.Narong Mongkhonvanit as the first private Engineering School in the country. In 1973, it was upgraded to a college status and known as "Siam Technical College" with the authority to grant degrees. On September 5, 1986, "Siam Technical College" became "Siam Technical University" a full-fledged private educational institution. Three years later, the name was changed to the present "**Siam University**" to show its diversity in fields of study.

Accreditation

SIAM is a fully accredited institution of higher education. Its graduates enjoy the privileges accorded to state university graduates. Its academic standards are accepted by the Civil Service Commission of Thailand.

Also SIAM has gained recognition as a member of the following organizations:

- The International Association of University Presidents (IAUP)
- The International Association of Universities (IAU)
- The International Association of Hotel Schools (EUHOFA)
- The Association of Southeast Asia Institutions of Higher Learning (ASAIHL)
- The Association to Advance Collegiate School of Business (AACSB) and
- The Association of Universities in Asia and the Pacific (AUAP).

Academic Collaboration

SIAM maintains ties with some of the world's foremost institutions of higher education for academic collaboration and exchange of resources.

SIAM has provided 4 methods of academic collaboration:

1. Exchange of students in regular procedures
2. University and industry visit
3. International internship and cooperative education
4. Joint Research and Faculty Exchange

Research & Innovation

SIAM publishes academic research paper in international referee journals and have had many of its engineering innovations patented.

Faculties & Department

The university is currently organized in 67 departments supervised by 13 schools or faculties.

Events Calendar

January

- Graduation ceremony
- Inter-university games
- 2nd Semester Start
- Spring Admission

February

- Seminar period
- SIAM invites VIP guest speakers

March

- Participate in Thai-Red Cross Charity Fair

April

- Thai New Year (Songkran Water Festival)

May

- Summer Admission
- Admission for the First Semester Start

June

July

August

- Queen Sirikit Birthday
- SIAM Foundation
- Commemoration DAY
- Semester 1st Start
- Orientation
- Teacher Respect Day

September

- Intra-mural sports
- Welcome Freshy Concert
- International U.N. Day of Peace Celebration

October

- Fall Admission
- Mid Spring Festival
- Student World Activity
- Inter-Cultural Day

November

- Lantern Festival
- SIAM Job Fair
- SIAM University Academic Fair

December

- National Day
- ICT/KM annual conference organized by SIAM
- Christmas
- New Year

Clubs & Activities

Relax, socialize, share, explore.....student clubs are at the core of campus life!

Sport Clubs

- Club of Taekwondo
- Club of Cheer Leader and Modern Dance
- Club of Thai Boxing
- Club of Judo
- Club of Paytung
- Club of Table Tennis
- Club of Takraw
- Club of Basketball
- Club of Health Science
- Club of Volleyball
- Club of Badminton
- Club of Ko

Cultural Clubs

- Club of Music and Fine Arts
- Club of Occidental Music
- Club of Chorus
- Club of Buddhism
- Club of Islam
- Club of Photography Arts
- Club of Folk Song
- Club of Demonstration Arts

Community Service Clubs

- Club of Volunteers
- Club of Environmental Cause
- Club of Friendship

Academic Clubs

- Club of International Travel
- Club of Business management
- Club of Marketing
- Club of Computer
- Club of Accounting
- Club of Law
- Club of Food Science
- Club of Industrial management
- Club of Leadership

Admission

When to Apply ?

The academic year runs from **August to May**. It is divided into two sixteen-week semester and an eight-week summer session during summer in Thailand. Apply in:

1. January for semester 1
2. October for semester 2

English Language Qualifications

Since the international programs uses English as medium of instruction, all applicants must pass an English placement test to assess their level of proficiency. Students with difficulties in English may be required to complete an English language course before undertaking their under

graduate studies. Students having a TOEFL score of 60 IBT or 500 PBT (or equivalent) or who are native speaker are not required to take the placement test.

Application Qualifications

Eligible applicants are those who fulfill the following admission requirements:

Undergraduate first-year student:

1. Has completed secondary education from an accredited institution
2. Hold a high school diploma or certificate (or its equivalent)
3. Proficient in English (international programs only)
4. Successfully pass entrance interview

Credit Transfers

SIAM recognizes credits earned in other accredited institutions and accept transfer of credits for courses that are least 75% similar to SU curriculum and for which a grade of C or higher was earned. Students must provide a detailed course description from their former university for each course they wish to transfer credits for.

Undergraduate transfer students:

1. Has completed secondary education from an accredited institution
2. Hold a high school diploma or certificate (or its equivalent)
3. Proficient in English (international programs only)
4. Successfully pass entrance interview
5. Has earned credits from an accredited tertiary education institution that are transferable to SIAM (see Transfer of Credits below)

Graduate students:

1. Has completed bachelor's level education from an accredited institution
2. Proficient in English (international programs only)

Supporting evidence in the form of official transcripts and high school certificate (or its equivalent) for undergraduate applicants as well as recommendation letters for post-graduate applicants should be submitted with the application.

Application for Enrollment

INSTRUCTIONS

1. Complete all section in CAPITAL letters.
2. Attach certified supporting documents
3. Send your applications to:

Student Visa

International students need to possess a student visa (non-immigrant-ED) to come and stay in Thailand for the duration of their studies. First students are granted a non-immigrant visa valid for 90 days. Students with valid academic status can obtain an additional 1-year stay permit from the date of entry. It is possible to extend the non-immigrant visa at the immigration bureau in Bangkok.

Website: www.imm.police.go.th

If you arrived in Thailand with a tourist visa you will be required to leave the country and apply for a non-immigrant visa in another country and then re-enter Thailand with a non-immigrant visa.
